Clinical Classifications Service
CLASSIFICATION / CODING QUERY SUBMISSION

Submission Requirements

**Clinical coding professional**
- Before submitting your query, please follow all steps of the Clinical Coding Query Support Mechanism as you may be able to resolve the issue locally
- Please complete all sections of this form and include supporting anonymised documentation where appropriate.

**Other (e.g. data analyst, information / business manager)**
- Please complete all sections of this form and if you require codes from earlier editions of ICD-10/OPCS-4, please state this in your submission.

**Important information applicable to all query submissions**
- Only submit one query per form
- Provide a clear and concise query with as much detail as possible
- If your query is unclear or has insufficient information it will be returned with a request to resubmit with the missing information
- When submitting your query please indicate in the e-mail subject line which classification it relates to
- Responses are provided for the current edition of ICD-10 (ICD-10 5th Edition) and OPCS-4 (OPCS-4.7) and reflect the current national clinical coding standards unless otherwise indicated in the question
- All responses are specific to the question asked and may not be transferrable to other scenarios.

Note that queries are received by a first line support service who pass them to the appropriate work area. This query and the resolution you receive from the Clinical Classifications Service may be added to the Clinical Coding Query Database. Extracts from supporting documentation will not be included on the database.
