Welcome to the Digital Learning Solutions platform - the quick and easy way to access courses provided by the Terminology and Classifications Delivery Service. Enrol on new courses, see your achievements and search the Knowledge Bank to learn new skills...

How to Register

As a Digital Learning Solutions delegate, you must secure your learning login with a delegate number and password. To learn how to do this, please follow this guide and access the Learning Portal using the link below:

Digital Learning Solutions Platform

Note: If you already have access to the Digital Learning Solutions platform, you will need to re-register to access our centre and the courses we provide.

1. Select register to create an account
2. Complete the registration form (as seen below)

Note: At the “Centre” field [see red box below], you are prompted to “Select your centre / organisation” but – to access our courses – please select “NHS Digital Terminology and Classifications Delivery Service” from the list of options. If you select your own organisation, you will not be able to access our materials.
If you are accessing from an NHS network, you can complete your registration immediately...

3. Your delegate number will be issued. Please make a note of this and keep it safe. You will need it to log onto the learning portal in the future.

At the “Centre” field [see red box below], you are prompted to “Select your centre / organisation” but – to access our courses – please select “NHS Digital Terminology and Classifications Delivery Service” from the list of options. If you select your own organisation, you will not be able to access our materials.

4. Once approved, access the Digital Learning Solutions platform and select ‘Login’
5. Login by entering your **Delegate number** (not your email address) and the password chosen during the registration process. Select ‘Sign in’.

6. Select the ‘**Learning Portal**’ icon to access the platform

**Accessing courses**

Select ‘**available**’ to see a list of courses available for you to enrol on

Select the ‘**+**’ sign in the blue box to enrol on the selected course

Once you have enrolled onto a course, it will move from ‘**available**’ to ‘**current**’
Press the green ‘play’ button to launch the course

Select the green ‘play’ button to start the module

If you continue to experience difficulties after following this guidance, please email information.standards@nhs.net and confirm in your email content that you have followed the ‘How to register’ guidance.
Minimum Technical Requirements

- Windows XP SP2 or newer operating system.
- Internet Explorer 9 or newer or other modern browsers including Chrome, Microsoft Edge, Firefox and Safari (we recommend Chrome).
- Minimum screen resolution 1024 x 768 (recommended 1280 x 1024 or 1920 x 1080).

Note: it is essential that the tracking system address https://www.dls.nhs.uk/home is added to your trusted sites list to prevent security settings blocking calls to the tracking system (ask your IT team for support getting this in place across your organisation).

If you wish to contact the Terminology and Classifications Delivery Service, please email information.standards@nhs.net
